Annual Saved/Invested \$11,930 Annual Saved (50%) \$5,965 Annual Invested (50%) \$5,965

Long-Term Transformation (20-Year View)

Annual Saved/Invested \$11,930 Annual Saved (50%) \$5,965 Annual Invested (50%) \$5,965

● Donation Processing Savings ● Savings Returns ● Investment Returns ● Total Financial Advantage

Investment yields based on average annual returns over past 5 years (4% for Savings Account, 20% for Sustainability Fund)

The Power of Compound Growth

These projections demonstrate how Better Giving's integrated approach compounds over time. Our organization could accumulate significant additional funds through the combination of reduced processing fees, expanded donation types, and strategic investments.

Better Giving Benefits

80% Donor Fee Coverage

Better Giving enables all donors to cover processing fees, and our data shows 80% opt to do so.

All Donation Types

Accept all donation types including crypto, stocks, and DAF, increasing your donation volume.

Lower Processing Fees

Better Giving doesn't charge any processing fees, but the third-party services we utilize charge an average rate of 2% (reduced to less than 0.5% with donor coverage)

Automated Investments

Automatically allocate a portion of donations to high-yield savings and investment accounts.

CALCULATION DETAILS

Better Giving Platform

- Better Giving doesn't charge processing fees, but third-party services charge an average of 2% (no platform fees)
- 80% of donors opt to cover processing fees (based on platform data)
- Better Giving accepts all donation types (credit cards, ACH, digital wallets, crypto, stocks, DAF)

Donation Type Calculation

These are approximate percentages for U.S.-based nonprofits, annualized and projected for 2025 based on trends. Our calculations assume 50% of donors will not proceed to make a donation if their preferred donation method is unavailable.

- Credit card donations: 63% of total volume
- ACH/Bank Transfer donations: 10% of total volume
- Digital Wallet donations: 7% of total volume
- Cryptocurrency donations: 2% of total volume
- Stock donations: 6% of total volume
- DAF donations: 12% of total volume

Investment Returns

- Savings Account: 4% annual yield
- Sustainability Fund: 20% average annual return
- Returns compound daily
